## **PARTY IN**

### **Happy Holidays and New Year!**

We would like to start off by wishing you and all of yours peace and Season's Greetings! Even as we pause to spend time with our families, the Indiana Green Party looks forward to forthcoming efforts in the New Year. In the run up to last month's 2018 election, we have built a presence in this state and laid down structure that will lead to more growth and eventual success!

### **Carving A Path for The Future:**

The Indiana Green Party ran its first candidate for state-wide office since 2006 and we are not looking to stop! We are calling out to the public and seeking those who are interested in running for office in the elections of 2019 and 2020! The earlier we start planning candidates, the better our chances for many victories! We fully believe that the movement we built behind Dr. George Wolfe and his candidacy for Indiana Secretary of State will continue forward!

And open in the cycle of 2020, state-wide offices include Indiana Governor, Indiana State Senate, and the Indiana State House!

As a reminder, there are hundreds of local offices you can run for, ranging from School Boards, City Council, to Mayor! Consider joining the revolution, run for office, and help flip Indiana Green!

Are you ready to join the movement? If you have any question regarding potentially running, head to our website, [greenpartyin.com](http://greenpartyin.com) and feel free to contact us! We are looking to continue the push towards a true democracy in the United States of America!

### **Dr. George Wolfe's Campaign Comes to An End:**

Finally, our heartfelt thanks to every supporter who helped with Dr. George Wolfe's campaign for Indiana Secretary of State. Whether you canvased, collected signatures for ballot access, spread the message on social media, or just casted a vote for him, it is because of you that we can continue the fight for a true democracy in America! The Indiana Green Party went from being inactive to running an official candidate within two years, and we could not have done it without

you! On November 6<sup>th</sup>, 2018, thousands of individuals throughout the state of Indiana wrote in George Wolfe for Indiana Secretary of State. The residents of Indiana are ready for a change!
